

EVERYTHING IN READINESS FOR BIG CAMPAIGN

Young People Rally Tomorrow
Night to Prepare for Coming
of Noted Evangelists

"The greatest religious event in Honolulu for eight years" is the way a number of local church leaders are describing the Brown-Curry evangelistic campaign which begins Tuesday evening at Central Union church. "The meetings are for all English-speaking people," said A. A. Ebersole, a member of the executive committee, yesterday. "They are not at all confined to Central Union church adherents just because the place where the meetings are held is the Central Union."

Messrs. Brown and Curry will arrive on the Manoa next Tuesday morning and will be entertained at the home of Mr. and Mrs. W. A. Bowen. The executive committee will meet the party at the wharf and at 12:30 o'clock a gathering of all committee workers for the campaign will be held in Cooke hall, Y. M. C. A. Mr. Brown and Mr. Curry will meet the local workers and settle all details regarding the campaign at this meeting.

At 7:30 o'clock in Central Union church on Tuesday evening, Mr. Brown will deliver his first address on the subject of "Killing Lions." Mr. Curry will direct the large chorus of 100 voices which is being organized by Philip Hall and William Waterhouse from Honolulu's best singers. Mr. Curry is also a soloist of national reputation and will be heard to advantage in all the meetings.

The Tuesday meeting will begin a series which will continue without interruption for two weeks. At 7:30 o'clock every night and at 10 o'clock each morning meetings will be held in Central Union church to which the English-speaking public is invited.

Headquarters have been established at the Y. M. C. A. for the campaign. Any messages may be left at the Y. M. C. A. office and volunteers for the chorus choir are urged to register at the Y. M. C. A. Prayer lists and invitations for the meetings may be secured gratis at any time. After the arrival of the evangelists, Room 1 at the Y. M. C. A. will be official campaign headquarters.

Tomorrow evening at 6:15 o'clock there will be a rally of all young people of the city in Central Union parish house. W. A. Bowen, chairman of the executive committee, will lead the meeting and there will be rousing singing. Col. Blanche B. Cox of the Salvation Army, William Waterhouse, W. E. Pletsch and others will give stirring talks regarding the coming campaign and the part the young people can play to help make it effective. The Epworth League of the Methodist church, the Christian Endeavor societies of the Central Union, Portuguese Evangelical and Christian churches, the Young People's League and others will join in this service.

A special prayer meeting for men will be held in Cooke hall, Y. M. C. A., at 12:30 o'clock Monday. Then comes the committee gathering with Brown and Curry on Tuesday noon at the Y. M. C. A. and the big meeting will be on at Central Union church the same evening. Everyone who wants to hear the great evangelists should come early on the opening night when it is expected that every seat in Central Union church will be filled.

Two Gasoline Schooners For Hilo Freight

Annie Johnson and R. P. Rithet
to Be Improved, Leaving En-
terprise for Passengers

(Special Star-Bulletin Correspondence)
HILO, Nov. 26.—Hilo will have two auxiliary gasoline schooners running between the coast and this port within a very short time. The schooners Annie Johnson and R. P. Rithet are to be fitted out with 300 horse-power gasoline engines that will give a speed of at least seven knots per hour. This will insure quick and regular trips to Hilo as, when the wind falls, the engines will be set going.

The schooners are to bring cargoes of gasoline and distillate to Hilo and thus allow the Enterprise to be free to carry passengers every trip. At present the steamer cannot carry passengers when she has explosives on board.

The two schooners will bring their explosive cargoes to Hilo at regular intervals and then will proceed to Mahukona, where sugar loads will always be waiting. A contract has been entered into between the Kohala people and the Matson Company, which owns the schooners, to ship their crop on the vessels from Mahukona.

The change that will allow the Enterprise to carry passengers at all times will be much appreciated by everyone and the addition of two speedy boats to the sugar carrying fleet will also be an added feature of satisfaction.

The R. P. Rithet sailed for the coast a short time ago and the Annie Johnson got away on Monday afternoon last for Mahukona, where she is now taking on a sugar cargo. Upon their arrival at San Francisco the two schooners will have the gasoline engines installed and will soon be ready to go into the regular service to Hilo.

MEMO'S OF MEETING OF CITY SUPERVISORS

The board adjourned after a 45 minute session last night to meet again on the evening of Thursday, December 2.

I. J. Hopu, stenographer in the office of the county clerk, has been voted a two weeks' leave of absence with pay.

Neither Supervisor Ahia nor Horner was present at last night's meeting. Supervisor Shingle's chair also was empty.

Mayor Lane has appointed Levi Kauai as keeper of the grounds at Aala Park, the board voting last night to accept the appointment.

Engineer Whitehouse has recommended to the board the purchase of a one and one-half ton truck for use as a routeabout conveyance for the road department. The letter from the engineer was referred to the road committee.

Supervisor Robert W. Shingle, who is at present in San Francisco, will be asked to consider the purchase of some of the benches from the exposition grounds, the exposition company having offered them in lots of 50 or more for \$1.75. Supervisor Hollinger, to whom the purchase was referred last night, made out a night letter to send by wireless to Mr. Shingle asking him to take up the matter.

scarf was made by Miss Jessie Shaw, and is of a beautiful tapa design worked around a pineapple as the centerpiece, which is one of the oldest found in ancient tapes. The gift will be forwarded in a beautiful koe box embellished with the Hawaiian coat-of-arms. Both Delegate Kuhio and Princess Kawananakoa may be in Washington for the ceremonies, and one of them probably will make the presentation.

SEIZE ORANGES GIVEN COLOR BY TURKISH BATH

Food Commissioner Hansen
Finds That Green, Indigestible
Fruit Is Sent Here

Be careful of the oranges you eat. They may have been picked green and colored yellow by a heating process, making them exceedingly unhealthy. A. W. Hansen, federal food commissioner, says this is true, and he has started what he calls an "orange campaign."

Federal Judge Charles F. Clemons today signed an order for the seizure by the federal authorities of 25 cases of oranges marked "K. S. W." and consigned to Hilo, Hawaii. It is understood that the necessary papers relative to the seizure have been handed to Marshal J. J. Smiddy, who will take immediate action.

"The department of agriculture," remarked Commissioner Hansen today, "has conducted a long series of experiments to show that the too common practice of picking oranges when they are green and ripening them by sweating or heating, has resulted in a fruit that has the color of ripe oranges but which is immature and indigestible as a food. The chemical analysis shows the sugar content to be too low and the acid content too high, and, as a result, the fruit is comparatively sour."

"The bureau has definitely shown that the ratio of the soluble solids to the acid content should never be less than 8 to 1 in freshly ripened California oranges."

The commissioner added that, out of the last 100,000 cases of oranges shipped to Honolulu were analyzed by his office. One of these shipments, he says, was dangerously near the condemnation point but was not seized.

MRS. JOSEPHINE BERRY
GIVES UP POSITION AT
ASYLUM AFTER 8 YEARS

After serving for more than eight years as matron at the territorial insane asylum, Mrs. Josephine Berry has resigned, her resignation to take effect December 1. Her leaving is a surprise and disappointment to both the asylum officials and her coworkers, and is wholly of her own accord. Mrs. Berry's place will be taken by Miss Armstrong, who comes highly recommended from the California State Asylum, where she has recently served as matron for more than a year. Miss Armstrong is a graduate of the training school for nurses at Massillon, Ohio.

MAKINO NABBED FOR VIOLATION OF AUTO RULES

Claims He Was Told He "Stood
Different" From Others
in Same Plight

Fred S. Makino, editor of the Hawaii Hochi, a Japanese newspaper, and proprietor of the Makino Drug Store, was arrested last night for driving an automobile without a license, and this morning through his attorney, Bert Lightfoot, asked for a continuance until Monday. After being granted continuance Makino made bitter complaint of the action of police officials.

"I went to Mr. Lillis, who issues the licenses to drive, some weeks ago and was examined and ever since I have been trying to get a license. I have been out with Mr. Lillis, who saw me drive and he has questioned me and knows I can drive a car, but he has never been ready, when I happened to call, to issue the license."

"It is the custom down here to grant licenses to competent drivers after their arrest on a charge of having no license, and then dismiss the case. This was done in the case of C. H. Behn, arrested November 26, who asked for a continuance and was later given a license and the case dismissed. When I went to Lillis today, and after he refused to grant me a license, called his attention to this case, his answer was:

"Yes, Behn got a license, but you stand different from Behn down here."

Lillis on the other hand claims that Makino has several times been offered his license, but has always refused to take it, saying he did not have the money to pay for it just then.

Feud Grows More Bitter

The great feud which is being waged between Makino and the police department is growing more bitter every day and fuel was added to the flames yesterday by two incidents.

Yasui, the Japanese, who owns a barber shop on Hotel street, and who claims Officer Richardson tried to "mooch" a razor from him, alleging that it was his because he protected the property of Yasui, went to Sheriff Rose's office and signed an affidavit stating the facts in the case.

Richardson, for the third time, placed Makino under arrest, this time for driving an automobile without a license.

The feud, which at times develops comedy features, began some time ago, when Makino was arrested for leaving his car standing without lights, and was fined by Judge Monratt. He had previously been taken to the police station for another violation of the traffic ordinance. Later one of his clerks was arrested and convicted for having chafed tickets, and Makino then protested to the police. Then came the razor incident in Yasui's shop, when Makino is said to have been present, and now comes the arrest of Makino by Richardson.
